Session 2022-23

National Service Scheme

YOGA DAY

Date:21/06/2022

REPORT

This year the Yoga day celebrations were held at Guru Nanak Institute of Engineering & Technology on June 21. The session was held in our college ground. Students from 1 to 4 year took part in the celebration. The inaugural speech was given by the district collector who emphasized the importance of Yoga and physical exercises in daily life.

YOGA DAY:21/06/2022

A group of students who were yoga students performed several asanas. They also performed standing and sitting asanas. One could understand by watching their performance that they have been practising yoga for the last few years.

YOGA DAY :21/06/2022

Some of the seniors even did some of the tough asanas. Our yoga teacher showed us some simple and beginner asanas which we did for about 300 minutes. The session was really organised. There were teachers all around us to help us in case we had trouble performing or understanding asanas. All the students participated eagerly.

Session 2022-23

National Service Scheme

Date:03/12/2022

REPORT

National Pollution Control Day 2022: It is observed on 3 December to spread awareness about the problem caused by increasing pollution. Let us have a look at National Pollution Control Day, its history, significance, the purpose behind celebrating the day, etc.

National Pollution Control Day 2022: As per the National Health Portal of India, around 7 million people across the world die due to air pollution every year. The day is celebrated every year on 3 December to bring awareness about the dangers caused due to polluted water, land, and air. Also, to highlight how to avert industrial disasters like the Bhopal Gas Tragedy. Environmental pollution

affects the quality of life and health. Also, the role that we are playing in the growing rate of Pollution.

NSS & IIC cell of GNIET, Nagpur celebrated National Pollution Control Day on 03 Dec 2022 in a noble and befitting manner for environment in the college and its surrounding areas.

The main objective is to make Students aware, and spread awareness in the industries that cause

various pollution like water, air, soil, and noise and affect the environment and obviously health.

We can't forget, the Bhopal gas tragedy in which the leakage of poisonous gas 'Methyl Isocyanate

(MIC)' is the worst tragedy happened in the world so far.

National Pollution Control Day on 03 Dec 2022

The true meaning of life is to plant trees, under whose shade you do not expect to sit." "Love is like a tree, it grows of its own accord, it puts down deep roots into our whole being." "Until you dig a hole, you plant a tree, you water it and make it survive, you haven't done a thing. You are just talking."

Tree plantation drive and plastic cleaning was done at GNIET, campus in coordination with NSS & IIC CELL. Dr Hemant Hajare, Principal GNIET, Vice Principal, Prof Rajendra Bhombe, Prof Sadaf Gaur, HOD ASH & President of IIC, Student Dean Dr Sanjay Uttarwar, Prof Vijaya Kamble NSS co-ordinator, First year faculties and Student of Rortract and NSS participated in the event.

The programme was coordinated by NSS Program Officer Prof Vijaya Kamble. Students were made aware about the significance of the tree plantation programme and the importance of trees and plants to make the

area full of greenery and to reduce the effects of global warming Then event ended with an oath to protect our environment by conducting such tree plantation programme to establish the worth saying "one tree, one life".

Also program was supported by NSS faculty Members, Prof Akashay Pilliwan, Prof Akansha kale & NSS student coordinator Aadarsh Sardar and Sangpriya Mohod.
